

# Teams as a Platform

## Leverage Teams as a starting point

Leverage Teams as a starting point for users work by:

- Pin your intranet landing page to Teams  
[aka.ms/pinSharepointsite](https://aka.ms/pinSharepointsite)
- Connect your learning portal to Teams to boost user training  
[aka.ms/knowledgemgmt](https://aka.ms/knowledgemgmt)

## Transform business processes

Use Teams apps templates to transform business and accelerate productivity. For Example:

- Automate L1 support using Teams bot - [aka.ms/faqplusbot](https://aka.ms/faqplusbot)
- Accelerate Teams adoption using Teams Adopt Bot:  
[aka.ms/teamsadoptbot](https://aka.ms/teamsadoptbot)

See details about these and [other application templates](#) like:

- Book a meeting room
- Request building access (for staged back to work scenario or visitor management)
- Employee Training
- HR Support

## Connect 3<sup>rd</sup> Party Apps

Connect your favourite service with Teams such as Jira Cloud, YouTube, Trello, MyHub, Calendar BOT, Jenkins and Kahoot.

Here's a list of all the available apps: [Business Apps – Microsoft AppSource](#)
